and Distributor of TCES Tariff products

Catalogue 2010 / 2011

A division of  Sigma Pharmaceuticals plc

About us

Our latest catalogue and newest products

Sigmobility are dedicated to sourcing the best quality products from all over the world direct from the manufacturers at the best possible prices. Our latest catalogue includes new lower prices across the full range of products. New products for 2010 include travel water-pillows, a huge range of orthopaedic elastic and airprene supports, beakers, walking sticks, commodes and much much more. There is also a whole new area of TCES products,  equipment which is supplied on presentation of a prescription in certain boroughs.

Who are Sigmobility?

Sigmobility are part of Sigma Pharmaceuticals plc, one of the largest and most trusted Pharmaceutical Wholesalers in the UK with daily distribution to over 4000 retail pharmacies. The service is currently available in the South of England and is expanding nationwide.

What service does Sigmobility provide?

A wide range of mobility, disability aids and orthopaedic aids including wheelchairs, walkers, home and toilet aids, commodes at affordable prices. Sigmobility also supplies unique and specialised products such as insulin travel wallets, waterproof limb protectors, medical sheepskin fleeces and water-pillows.

What is unique about our service?

The major advantage is that all your mobility needs are available from your nearest pharmacy, within 24 hours. In addition, you can also hire a wide range of equipment from us. We provide quality products at highly competitive prices. If you have any queries relating to our products or cannot find a particular product you're looking for in our catalogue please call us anytime on our freephone number 0800 358 6601 and we will endeavour to help you as quickly and efficiently as possible.

TCES range is constantly changing. If you do not see your required product, please ask for further details.

FRIO INSULIN TRAVEL WALLETS

- Frio Wallets are designed to keep Insulin and other medications constantly cool and safe at temperatures of up to 38°C for at least 45 hours with no refrigeration or ice needed
- An effective yet low-cost solution to the problem of keeping Insulin and other medication at a safe temperature without the need for refrigeration
- Tested by the British Medical Devices Evaluation Unit and recommended by hospitals and clinics throughout the UK. Essential for daily use when away from home for any length of time, for travellers and holidaymakers
- **Simple to use:** To activate the wallet, simply immerse in cold water for 5-15mins. Crystals contained in the panels of the wallet then expand into a gel which remains cool for several days, relying on the process of evaporation for cooling. After activation, the wallet may be towel dried and is then dry to the touch and can be safely carried in a pocket or in hand luggage

FRIO VITESSE TRAVEL CASE

Brand new design handy insulated Travel Case for storing all your diabetes equipment.

- Holds 2 x 200ml ice packs to keep the inside cool
- Front net pocket large enough to hold all sizes of Frio wallets, including the extra large and still allow them to breathe thereby keeping your insulin cool
- Includes 2 belts - one for shoulder, one for the waist
- Dimensions: 225mm x 60mm x 60mm (9"x 6.25"x 2.5")

FITC

FRIO EYE DROPPER WALLET (BURGUNDY)

- Useful for carrying all eyedrop medication worldwide
- Suitable for carrying up to 3x eyedropper bottles **or** 5x 3ml insulin cartridges
- Dimensions: 127mm x 127mm (5"x 5")

NEW
FOR
2010**KEEPU-DRI - WATERPROOF LIMB / CAST PROTECTORS**

Reusable Bandage and Plaster Cast Cover for arms and legs, hands and feet. Allows swimming, bathing and showering.

Keepu-dri effectively protects bandages and plaster casts when taking a shower, while bathing and swimming in the pool or sea.

Keepu-dri offers everyday protection from water and moisture.

Suitable for:

- Surgical dressings
- Skin conditions
- Bandaged wounds
- Lacerations
- Plaster casts
- Burns

and other conditions required to remain dry whilst bathing, showering, swimming or sport.

Keepu-dri is made from tough, non-allergenic, skin friendly polyurethane, a material renowned for its strength and elasticity. The pre-formed opening can be stretched, yet returns to its original dimensions.

Keepu-dri is highly flexible, puncture resistant and abrasion proof - it will outlast the average life expectancy of a plaster cast.

Keepu-dri will not tear when pulled over plaster casts and slides on easily to form a comfortable, water-tight seal.

Keepu-dri is easy to use. Simply measure the circumference of the limb above the bandage or plaster cast, and select the appropriate size.

- Reusable time and time again
- 100 % watertight protection
- Non-allergenic
- Latex free
- Safe
- Easy to use
- Highly durable

SMB043 - KEEPU-DRI FULL ARM Adult

SMB044 - KEEPU-DRI HALF ARM Adult

SMB045 - KEEPU-DRI HALF ARM Child

SMB046 - KEEPU-DRI HALF LEG Adult

SMB047 - KEEPU-DRI HALF LEG Child

LIMBO – WATERPROOF LIMB / CAST PROTECTORS

The Limbo is a comfortable, easy-to-use, self sealing protector which can be submerged in water and is fully suitable for baths or showers. Initially designed for Orthopaedic use to protect plaster or synthetic casts but also has wider applications in the wound area, where the non-contact nature of the main body of these waterproof limb protectors makes it particularly suitable where any pressure on the wound is undesirable.

- Cellular neoprene seal which has a wide band of contact which does not pinch the skin or feel constrictive
- Main body made of a pliable waterproof material which is roomy and slip resistant
- British designed and manufactured
- Durability: Designed so that in Orthopaedic applications, with normal use, it will last through the period a cast should be worn. On average eight weeks. In wound care it will last longer as it will be used in a less aggressive environment (i.e. dressing instead of cast) and patients have reported satisfactory use for periods over one year

Technical Data

The product consists of a durable calendared PVC/Nylon mesh sleeve with welded seams, bonded using a unique process to a nylon covered neoprene seal. The materials used are of the highest quality, complying with BS3878 : 1982 (Flexible PVC sheeting for Hospital use) and BS5852 Part 1 : 1979 Match Test for flame resistance. It contains an antimicrobial treatment providing protection against bacterial and fungal attack.

THERMOSKIN

Thermoskin is a new range of therapeutic supports developed for the simple and effective treatment of pain and injury to muscles, tendons and ligaments. It combines support and naturally generated body heat and is a clinically tested, drug free alternative offering pain relief and improved mobility.

Like other supports that are available, Thermoskin products use a highly supportive outer material, but we combine this tried and tested material with an entirely new and unique lining, Trioxon.

Trioxon provides 3 main benefits;

- Trioxon assists in the retention of the body's natural heat (typically increasing skin temperature by up to 2 degrees C), thus promoting healing
- The construction of Trioxon allows for much improved ventilation and perspiration control at the affected site. The wearer therefore remains comfortable, and can enjoy the benefits of Thermoskin for longer
- Its crush-resistant fibres give Thermoskin supports greater strength and durability

Effective treatment for:

Arthritis pain
RSI
Sports injuries
Strains and sprains

FEATURES

- Promotes heat retention and healing
- Firm, comfortable fit
- Lightweight, breathable fabric allows free ventilation
- Anatomically shaped for improved fitting
- Washable

NOTE: Product images may be subject to change.

UNIVERSAL WRIST WRAP

Provides protection and support for the wrist during periods of activity. Useful in treating Repetitive Strain injury. Adjustable Velcro strap applies additional compression / support when needed.

4THE001 - EXTRA SMALL

4THE002 - MEDIUM

4THE003 - EXTRA LARGE

STANDARD KNEE

Provides protection and support against general wear and tear including damage to the cartilage, sprains, strains and twisted knees. Useful for runners and jumpers knee injuries.

4THE010 - SMALL

4THE011 - MEDIUM

4THE012 - LARGE

WRIST BRACE

Velcro locking straps together with a metal splint positioned at 25 degrees allows for increased circulation and provides the protection and support needed for treating Carpal Tunnel Syndrome. Adjustable Velcro strap applies additional compression / support when needed.

4THE004 - LEFT SMALL

4THE005 - LEFT MEDIUM

4THE006 - LEFT LARGE

(33-45.7cm)

SMNFOL - LARGE
(38-50.8cm)

COLD ICE PACK INSTANT

Reduces pain, relieves swelling and expedites recovery for sprains, slight bumps and dislocation of bone joints. Squeeze pouch firmly, shake to mix contents and apply to area where pain or swelling occurs.

- Lower temperature from fevers
- Relieve pain from toothache
- Relieve itchiness from insect bites
- Reduces the incidence of bruising

SMICP

MEDIFLOW® WATER FILLED PILLOW

Benefits of the Mediflow® Waterbase Pillow:

- The revolutionary waterbase orthopaedic pillow is proven in clinical tests to improve the quality of your sleep
 - You sleep longer and deeper without disturbance.
 - Great for people with shoulder pain and a need for neck support
 - Even helps with chronic neck pain and associated headaches
 - The pillow's orthopaedic qualities will help anyone with cervical problems
 - The unique and patented Mediflow waterbase pillow constantly shapes itself to you as your body moves during the night
 - It is soft and firm in all the right places because you vary the volume of water in the waterbase, from really soft to medium to firm
 - The orthopaedic pillow will help you get to sleep faster
 - Water is thermally insulated
 - Safe to use and easily filled and emptied for storage or transportation if required
1. A layer of super-soft, hypo-allergenic DuPont® polyester fibre floats over top of the water layer and provides outstanding comfort.
 2. A thermal insulator fully encases the water layer to prevent body heat from being drawn from the head, neck and shoulders. This is an essential component of the comfort of the pillow.
 3. A water pouch secured to the base of the pillow provides the responsive head and neck support. Easy to follow instructions show how much water to add for soft, medium and firm support. Use ordinary tap water. No chemical additives are required.

Available in the following sizes:

Mediflow Waterbase Pillow REGULAR SIZE 20" x 28" (51cm x 71 cm)

Mediflow Waterbase Pillow TRAVEL SIZE 13" x 21" (33cm x 53cm)

- Provides all the benefits of the regular pillow in a convenient travel size
- Carry the comfort of the Mediflow pillow with you everywhere whether away on business or on holiday
- Easily fits into hand luggage and can be conveniently filled at your destination
- Regular users of the standard size pillow can continue to enjoy the benefits of their pillow even when away from home

Mediflow Waterbase Pillow KING SIZE 20" x 36" (51cm x 91 cm)

- Provides all the benefits of the Regular Size pillow in a larger size
- Convenient for users who prefer a large pillow
- Ideal for users of Queen/King sized beds who may prefer the appearance of a larger pillow filling the width of the bed

3MEDPIL - Pillow Regular size

3MEDPILT - Pillow Travel size

IN PAIN? NEED RELIEF?

Recommended by physiotherapists

Ideal for acute and chronic pain Tens can relieve numerous pain conditions such as arthritis, neck pain, back pain, osteoporosis pain, sciatica, sprains and sports injuries, period pain, carpal tunnel syndrome, migraine, phantom limb pain, post operative pain and many more...

What is TENS?

TENS (Transcutaneous Electrical Nerve Stimulation) has successfully been used for many years by medical professionals and patients worldwide to treat pain.

How does it work?

By means of electrode pads, soothing pulses are transmitted across the skin to reduce pain sensation. TENS can also stimulate the body to increase its own natural pain relieving chemicals known as Endorphins.

What is supplied with a TENS?

Soft carrying pouch, leads, self-adhesive electrodes, battery, instructions. All our TENS have a 5-year guarantee (excluding consumables). **(BUT SEE WARNING BELOW)**

**FOR PAIN
RELIEF

TENS should not be used when driving or operating machinery. If you have any doubts whatsoever seek medical advice.

ACTINEB NEBULISER

The Actineb is part of our Medix nebuliser range, it can be used with Bronchodilators (relievers), Corticosteroids (preventers) and Antibiotics.

- Ideal for home and clinic use and for patients of all ages
- Easy to use, yet powerful enough to nebulise all commonly prescribed medications for chronic chest conditions
- Available complete with accessories ready for immediate use
- Discreet storage compartment allows for accessories and power lead to be neatly stored which means that the Actineb does not take up much space
- Comes complete with starter pack that contains necessary accessories ready for immediate use (Nebuliser chamber, driveline, inlet filter, adult face mask)
- A 1-year guarantee is included (this does not include accidental damage). For optimal performance it is recommended that you have your nebuliser serviced once a year through Clement Clarke International Ltd

Specifications:

Operating Requirements: 230v +/- 10% ; 50Hz

Dimensions: 282mm x 200mm x 125mm

Weight: 2.3 Kg

Particle Size: 3.3 microns

% Particles < 5 µm: 72 % *

Nebulisation Rate: 0.07ml per minute*

Nominal Flow: 7 L/min @ 1.00 bar

Nebulisation Time: 4.5 - 7.5 minutes for 2.5ml

Type Rating: Class II BF. Intermittent (use for 60 mins; do not reuse within 60 mins). CE 0120 Class IIa MDD 93/42/EEC

* Using Microneb III

SMD057

OPTIONAL ACCESSORIES

ADULT YEAR PACK* - SMD060

Includes nebuliser chambers x 4, drivelines x 4, adult facemasks x 4, mouthpiece x 1, inlet filters x 4, outlet filter x 1

CHILD YEAR PACK* - SMD061

Includes nebuliser chambers x 4, drivelines x 4, child facemasks x 4, mouthpiece x 1, inlet filters x 4, outlet filter x 1

* Individual mouthpieces, facemasks and filters are also available. Please enquire if you require individual units.

Above specifications from manufacturer are subject to change.

AC2000 NEBULISER

The AC2000 is a powerful nebuliser which can be used with all commonly prescribed medication for respiratory conditions.

- Ideal for home and clinic use
- Easy to use controls make it suitable for young children and the elderly
- Fast and effective therapy every time for Bronchodilators (relievers), Corticosteroids (preventers) and Antibiotics
- A large internal compartment is designed for the storage of accessories, medication and a handle makes it easy to carry
- For best results we recommend using the supplied nebuliser disposables, which includes 1 chamber, 1 driveline, a mask and a mouthpiece. Spare filters are also included to ensure efficient running of the compressor
- A 3 year guarantee is included (this does not include accidental damage). For optimal performance it is recommended that you have your nebuliser serviced once a year through Clement Clarke International Ltd

Specifications:

Compliance: Electrical safety Class II Type BF

CE 0120 Class IIa MDD 93/42/EEC

Dimensions: 375mm x 235mm x 115mm

Weight: 2.45kg

Electrical Requirements: 220-240 V (50Hz) & 110-120V (60Hz) AC

Typical Dynamic Flow & Pressure: 9 L/min @ 1.00 bar

Particle Size: MMAD 3.1 microns

Nebulisation Rate: 0.1ml per minute

Nebulisation Time: 2.5 - 5.5 minutes for 2.5ml (1)

% Particles < 5µm: 84.1 % (2)

(1) Using the Controlled Medication System (CMS) Oxinova nebuliser.

(2) Using a Malvern Particle Mastersizer and 1 % NaF measuring.

TENA COMFORT

TENA Comfort is designed specifically for heavy use and anatomically designed for comfort and security and the FeelDry™ topsheet ensures long-lasting dryness. A wetness indicator on the outside makes it easy to assess whether changing is required and reducing the need for intrusive checking.

Features and Benefits

- **FeelDry™** gives outstanding dryness through quick inlet and excellent retention
- **All-Round barrier™** assures the right bowl shape for rapid and secure absorption
- **Body-contoured** for close fit and maximum comfort
- **Wetness indicator** to show when the product needs to be changed
- **Easy-Select™** colour coding makes it easy to find the right product

SMTNC1 - EXTRA 42's	●●●●●●●●
SMTNC2 - SUPER 28's	●●●●●●●●
SMTNC3 - MAXI 28's	●●●●●●●●

TENA FLEX

TENA Flex now incorporates a unique 100 % breathable backsheet that lets the air, not the fluid, circulate. This helps to maintain a healthier skin and because of the cloth-like covering, both comfort and dignity are greatly improved. Furthermore, because it's all-in-one, there's no extra fixation required. TENA Flex with new FeelDry™ offers outstanding dryness to the user and ease of use to the carer, providing the highest quality of care.

Features and Benefits

- **FeelDry™** gives outstanding dryness, through quick inlet absorption and excellent retention
- **Superfit™** waist belt for easier handling for all body shapes
- **Breathable backsheet™** lets the air circulate, improving user comfort and reducing skin problems
- **Elastic Fit™** waist elastics for a snug, body-close fit
- **Wetness indicator** to show when the product needs to be changed
- **Easy-Select™** colour coding makes it easy to find the right product
- **Curved leg elastics** ensure snug and comfortable fit around the legs
- **Leakage Barrier** for maximum leakage security
- **Noise free** for wearer discretion

Extra Heavy	●●●●●●●●

TENA PANTS

TENA Pants are a pad and pant in one, that look and feel just like everyday underwear, that hug the shape of your body perfectly. Suitable for moderate bladder weakness, they are designed as an alternative to a pad product, offering superb security and protection, no matter what activity your day holds.

TENA PANTS DISCREET

Moderate Protection

TENA Pants Discreet are made of an entirely new cotton-like material that is virtually invisible under clothes, offering you even more discretion. They quickly lock away liquid and odour thanks to our unique Odour Control™ system, so you feel fresh, dry and confident for a long time.

SMTND2 - DISCREET MEDIUM 10's	●●●●●●●●
SMTND3 - DISCREET LARGE 10's	●●●●●●●●
3TEN09 - DISCREET LARGE 7's	●●●●●●●●

TENA PANTS PLUS & SUPER

Moderate to Heavy Protection

The exceptional security of the **TENA Pants Plus** and **Super** is due to the FeelDry™ technology, which rapidly absorbs large quantities of urine into the core and away from the skin, so that even when seated or lying down for long periods of time, the wearer will stay dry and comfortable, and the risk of skin rashes and infections is significantly reduced.

SMTNP1 - PLUS MEDIUM 10's	●●●●●●●●
SMTNP2 - PLUS LARGE 8's	●●●●●●●●
SMTNS8 - SUPER MEDIUM 12's	●●●●●●●●
SMTNS9 - SUPER LARGE 12's	●●●●●●●●

TENA SLIP

For those who require or prefer an all-in-one product, **TENA Slip Maxi** is easy to fit and offers increased absorption and leakage security in three levels and sizes to meet individual requirements. With new **FeelDry™**, TENA Slip Maxi provides outstanding dryness and leakage security, meaning improved skin health and better care.

Features and Benefits

- **FeelDry™** gives outstanding dryness, through quick inlet absorption and excellent retention
- **Bodyfitting curved leg elastics** for improved fit, comfort and leakage security
- **Superfit™** re-adjustable tape
- **Flexifit™** waist elastics for a snug, body-close fit
- **Wetness indicator** to show when the product needs to be changed
- **Easy-Select™** colour coding makes it easy to find the right product
- **Leakage Barrier** for maximum leakage security
- **Noise free** for wearer discretion

LILLE* DISPOSABLE BED PADS (FOR CHAIR OR BED)

LILLE For Bed is a range of highly absorbent disposable chair and bed pads offering maximum protection for beds, bedding and furniture, keeping the user comfortable for longer.

The products are embossed to aid absorption and the "wicking" process resulting in excellent diffusion of liquid throughout the pad. The waterproof backing ensures total leakage protection.

LILLE For Bed pads may be used on their own or in combination with other LILLE branded absorbent products.

- Absorbency: 1000ml

Important Note: Not recommended for use with an electric blanket.

BED PADS - 60 x 90cm SUPER

SML8421 - Pack 25 - 4 packs / outer

BED PADS - 60 x 60cm SUPER PLUS

- Absorbency: 3000ml

SMG40060 - 1m x 1m - (single in pack)

GANMILL WASHABLE FLORAL CHAIR / SEAT PAD

Highly absorbent protection for use on chairs, wheelchairs and car seats. With a discreet and comfortable 'stay dry' top layer and non-slip waterproof backing.

- Absorbency: 1000ml
- Measurements: 48cm x 58cm (19" x 23"), Weight: 225g

SMG41050

GANMILL WASHABLE MATTRESS COVER

Protective, washable, soft PVC mattress cover for use alongside standard bedding. Moderate to heavy use.

SMG52052 - Single

SMG52062 - Double

FITTED PLASTIC MATTRESS COVER WITH PILLOW CASE/S

- Long wearing stay-soft plastic
- Fitted skirt for ease in handling
- Wipes clean with damp cloth

SMMCS - Single

SMMCD - Double

SMMCK - King Size

KYLIE BEDSHEETS

Kylie Bedsheets are a range of bed protection which goes over the top sheet of the bed. The unique one way urine barrier and generous absorbencies ensure that protection and comfort are maximised. Kylie Bedsheets can be washed 200 times and still maintain their outstanding absorbency properties.

The stay-dry, one way top layer, allows fluid to flow quickly through to the special Kylie high absorption soaker layer...where it meets the barrier of the waterproof layer...keeping the sleeper dry for the whole night.

SMK1111 - 50 X 74cm

SMK2222 - 91 X 74cm

SMK4444 - 91 X 91cm

GANMILL WASHABLE TARTAN BIB

- Waterproof bib to protect clothing
- Measurements:
68.5cm x 43cm (27'' x 17''), Weight: 232g

SMG42010

NAPKLEEN

With **Napkleen™** spills are no longer a problem. It is Easy-to-ApPLY and each product is backed or centered with an impermeable plastic coating that protects clothing

Anytime, anywhere, **Napkleen™** has you covered!

- **Napkleen™** has been developed with the baby, child, adult and senior in mind, for feeding babies, eating in the car or sit down restaurants, healthcare, children for arts and crafts and dentists
- **Napkleen™** protect clothing, reduce laundry loads and are waterproof with a leak proof liner that is super absorbent. The products have an invisible feel and are extremely cost effective
- **Napkleen™** offers a clean solution to a messy problem!
- **Napkleen™** gives hospital patients and senior resident care a new level of comfort and DIGNITY. This breakthrough technology in disposable clothing protection is super absorbent and easy to apply
- **Napkleen™** uses are endless. School facilities, daycare, nursery's, preschools and special needs facilities and countless others, keeping children's and teachers clothing neat and clean can be very difficult, labor intensive, and a time consuming task

TERMS & CONDITIONS

GENERAL INFORMATION

All the items listed above are available for hire at affordable long or short term rentals. Hiring may be a useful alternative to purchasing when equipment is needed for short periods only e.g. during postoperative/accident recovery at home or when longer term needs of the patient are not known or may change. Hiring of more expensive equipment may be far more affordable for the user due to easy weekly payments compared with a large single payment to purchase the item outright. All items supplied to dealers for rental to their customers will be accompanied by a hire agreement form setting out details of the item hired and terms of the rental.

Additionally, a clear and easy to complete form will be supplied to the dealer for their use and for completion by the customer. The dealer will be charged a deposit to their account on delivery of the item which is fully refundable by credit note on satisfactory return at the end of the rental period. All items and equipment for hire are fully inspected, checked and sanitised prior to despatch. New commode pans are sent with each rental which are non returnable for hygiene reasons.

HOW TO ORDER ANY ITEM FOR HIRE PUBLIC

Simply select the item needed from the Sigmobility catalogue and ask your dealer to order it for you from Sigmobility. In most cases the hire item can be delivered to the dealer by the next working day however due to stock availability it may take slightly longer and therefore it is recommended that you book the hire item at least 7-10 days in advance. Your dealer will quote the rental cost and deposit needed. The deposit is fully refunded on return of the hire item. If the item is damaged or lost in your possession the full deposit and/or costs associated to replace or repair the hire item may be taken by the dealer.

DEALER

To order any item from the following pages, simply phone Sigmobility 0800 358 6601 for same or next day delivery. Order the item needed and length of rental period required. This can always be extended by phone if necessary. At the end of the rental period phone the same number for next day collection. For rental charges please refer to the Sigmobility price list. Retail prices are based on the most competitive current rates and exclude VAT as most mobility users will be eligible for VAT exemption. (An appropriate form for photocopying and completion by eligible patients is included at the back of this catalogue on page 87).

IMPORTANT SAFETY NOTICE:

PLEASE ENSURE THAT THE USER OR CARER (AS APPROPRIATE) IS FAMILIAR WITH THE USE AND FUNCTIONS OF THE ITEM/S OR EQUIPMENT RENTED OR PURCHASED, PARTICULARLY WITH SAFETY FEATURES. SIGMA PHARMACEUTICALS PLC & SIGMOBILITY CANNOT BE HELD RESPONSIBLE FOR ANY DAMAGES, LOSS OR INJURY IN THE EVENT OF MISUSE OR INCORRECT USE OF ANY ITEM OF EQUIPMENT. PLEASE CONTACT SIGMOBILITY IN THE EVENT OF ANY QUERY REGARDING THE USE OR FEATURES OF ANY ITEM.

Hire and Sale of Mobility and Home-Care Aids
from your local pharmacy

Widest Range of Mobility, Home Care & Daily Living Aids

Sigmobility carries one of the UK's largest and most comprehensive ranges of over 1000 products, covering all aspects of Mobility & Disability aids, as well as hundreds of helpful home products, specifically designed to make your life about the home or outdoors easier & more convenient.

Be Independent

Don't let a disability keep you at home or in bed or prevent you from visiting shops, friends or family. The wide range of Sigmobility products will help you to lead an easier & more mobile lifestyle.

Affordable

Sigmobility products are of high quality and extremely competitively priced. Our ability to purchase in bulk enables us to pass this saving on to the consumer.

Fast Availability

Any item in the Sigmobility catalogue not available at your pharmacy will be ordered for you and in most cases be ready to collect by the next working day.

Professional Service & Advice

Your Pharmacist is known to you and with professional training and experience, is ideally placed to provide information and to advise you on your needs.

Convenient One-Stop Shopping

All products in the Sigmobility range are conveniently available from most independent retail pharmacies. There is now no need to travel great distances to see various different suppliers or to wait days for goods to be delivered by post.

Dealer

ASK TO SEE OUR CATALOGUE

VAT Exemption

If you are disabled, or suffering from a specific complaint for which mobility equipment is needed, then you may be exempt from VAT if the product is relevant to your disability. Your pharmacist will have VAT exemption forms for you to complete if applicable.

Hiring Equipment

Sigmobility provides the option of hiring equipment such as wheelchairs, scooters, commodes, crutches etc at affordable daily, weekly or monthly payments. This convenient service is available from your local independent pharmacy. You only keep the item for as long as you need it. You may also use this facility as a means of exchanging or upgrading if your needs change.

DEALER VAT REGISTRATION NUMBER:.....

TERMS & CONDITIONS

PRICING:

The price of the goods shall be the quoted price shown on the order form or Sigmobility TCES or standard price list in force at the time of the order. All tariff prices and retailer trade prices are exclusive of VAT. E & OE apply.

PRODUCTS:

We operate a policy of continual monitoring of our products and the TCES list of products which may change from time to time. Colours, designs and sizes may vary on some product lines however the specification on the TCES products should conform to the TCES standard. Products remain the property of Sigma Pharmaceuticals until fully paid for. Some products may need professional fitting.

Whilst every effort is made to ensure that all products featured are in constant supply, we apologise if any item is occasionally out of stock due to customer demand and we will endeavour to source them for you as quickly as possible.

PAYMENT TERMS:

Standard Sigma payment terms apply.

DESPATCH:

If the items are in stock we should be able to despatch the goods to the dealer either on the same day or on the next working day on receipt of order. We have large warehouse space and generally ensure that all popular standard products and TCES lines are always in stock however on the rare occasion that the items are not in stock we will inform you of the expected delivery date.

CLAIMS:

Please notify us immediately if goods are delivered short, incorrect or damaged so that we are able to correct matters. Please also retain all original outer packaging especially on incorrect goods so that we are able to re-sell.

For more information on TCES go to :

www.dhcarenetworks.org.uk/csed/

TransformingCommunityEquipmentService/

VAT Exemption:

The majority of mobility and disability lines are VAT exempt provided the customer completes an appropriate VAT exemption form which can be found on page 87.

* TCES products are subject to change in specifications and/or price by the Department of Health. In the event of any query please check with Sigmobility on **01923 332 753**.
